

**Dalla chirurgia all'estetica: le nuove frontiere dell'Implantologia**Speakers: *Massimo Marrelli, Massimiliano Martignoni, Alessandro Nisi, Roberto Pistilli, Orio Luca Riccardi, Antonio Rocci***Terapia implantare: il piano di trattamento integrato**Speakers: *Mauro Merli, Eugenio Bianchini***Tecnologie e materiali innovativi nelle riabilitazioni implantari**Speakers: *Alfonso Caiazza, Federico Brugnami, Rodolfo Giansera***Nuove prospettive nel trattamento implantoprotesico****Dei casi complessi con straumann dental implant system"**Speakers: *Riccardo Scaringi, Nicola Ferrigno, Mauro Laureti***Versatilità clinica estetico/funzionale delle sistematiche XIVE e ANKYLOS: dalla monoedentulia alla riabilitazione complessa**Speakers: *Michele Di Girolamo, Luigi Baggi, Fabio Smorto***Chirurgia Mininvasiva Impianti post estrattivi e carico immediato: evidenze scientifiche**Speakers: *Marco Esposito***L'utilizzo dei biomateriali nel trattamento dei difetti ossei perimplantari**Speakers: *Alfonso Baruffaldi, Mario Beretta*

Friday 5 February 2010

09.00 - 12.30	pre-meeting courses	
12.30 - 13.30	Lunch	
<b>13.30 - 13.45</b>	<b>Opening Ceremony</b>	
<b>13.45 - 14.00</b>	<b>Meeting Presentation</b>	<b>G. Luongo</b>
14.00 - 14.40	<b>Lectio Magistralis: On survival and success of oral implants</b>	<b>T. Albrektsson</b>
	Bestow of the Honorary Membership to <i>T. Albrektsson</i>	
14.40 - 15.20	Delivering Immediate Esthetics on Dental Implants	<i>M. Norton</i>
15.20 - 16.00	Ridge preservation following tooth extraction	<i>M. Araujo</i>
16.00 - 16.30	Coffee Break	
16.30 - 17.10	Optimizing the quality of guided bone regeneration	<i>C. Hammerle</i>
17.10 - 17.50	Extraction environment enhancement: critical evaluation of early socket healing in long-term barrier-protected extraction sockets	<i>R. A. Horowitz</i>
<b>17.50 - 19.00</b>	<b>SIO members meeting</b>	

**POSTER SESSION**To present a Scientific works in Poster Session, please visit our web site [www.osteointegrazione.it](http://www.osteointegrazione.it).**Submission deadline October 31 2009**forum **qualità in**  
implantologia

09.00 - 09.15	<b>Quality in Implantology: SIO Forum Experience</b>	
09.15 - 09.45	Implant placement in fresh extraction sockets. Clinical realities and observations from a multicenter study.	<i>D. Cecchinato</i>
09.45 - 10.15	Periodontal and implant prognosis: scientific evidence, clinical controversies.	<i>L. Trombelli</i>
10.15 - 10.45	Bone regeneration and biomaterials: state of the art and future perspectives.	<i>M. Simion</i>
10.45 - 11.15	Coffee Break	
11.15 - 12.00	How much effort is needed to achieve high quality results when replacing multiple adjacent missing teeth in the aesthetic zone.	<i>U. Grunder</i>
12.00 - 12.45	Quality in the multidisciplinary approach to dental implants treatment.	<i>T. Mankoo</i>
12.45 - 13.30	Minimally Invasive Implant Protocols and the Management of Risk Factors in Esthetic Therapy: Success By Design.	<i>H. Salama</i>
13.30 - 14.30	Lunch	
14.30 - 14.45	Fellowship winner of year 2008 lecture Fellowship 2009 announcement Best Poster Award	
14.45 - 18.00	<b>Course:</b> How to avoid complications in Implant therapy - In collaboration with: - University "La Sapienza" Rome - University "Tor Vergata", Rome - University "Cattolica", Rome - Quintessenz Publ. Co	Moderators <i>A. Polimeni</i> <i>A. Barlattani</i> <i>A. D'Addona</i>
14.45 - 15.00	Introduction how to avoid:	
15.00 - 15.40	- Biological complications.	<i>M. Sanz</i>
15.40 - 16.20	- Prosthetic complications.	<i>T. Jemt</i>
16.20 - 17.00	- Surgical complications.	<i>M. Chiapasco</i>
17.00 - 17.30	- Evidence based strategies to minimize dental implants failures and complications.	<i>M. Esposito</i>
	Conclusions	

Saturday 6 February 2010

LAB TECHNICIANS SESSION SATURDAY  
6TH 9-17.00

<b>09.00 - 09.30</b>	<b>Course Presentation</b>	
09.30 - 10.10	Lab work with dental implants: CAD-CAM solutions.	<i>C. Donati</i>
10.10 - 11.20	Prosthesis on implants with stress - free fit (Passive fit) by the Spark erosion process.	<i>G. Ruebeling</i>
11.20 - 11.50	Coffee Break	
11.50 - 13.00	Excellence in aesthetics: new trends and new materials in dental implants prostheses.	<i>P. Rutten</i>
13.00 - 14.00	Lunch	
14.00 - 14.40	Protocols in removable dental implant prostheses.	<i>R. Bartolloni</i>
14.40 - 15.30	Metal free implant prosthetic rehabilitations: abutments, single tooth, complex frameworks.	<i>R. Bonfiglioli</i>
15.30 - 16.10	Dental lab and dental implants: new synergetic concepts.	<i>A. Bonaca</i>
16.10 - 16.50	Virtual Abutment Design: CAD/CAM technology for customized abutment production.	<i>A. Santini</i>
	End of the meeting	

HYGIENISTS SESSIONS SATURDAY  
6TH 9-13.30

<b>08.45 - 09.00</b>	<b>Course Presentation</b>	
09.00 - 10.30	Non-surgical treatment of peri-implantitis.	<i>G. Koch</i>
10.30 - 11.00	Coffee Break	
11.00 - 11.25	Professional hygiene in implant dentistry	<i>A. Dolci</i>
11.25 - 11.50	Professional and home-care oral hygiene is depending on the design of implant supported rehabilitation	<i>M. Padovan</i>
11.50 - 12.15	Perimplantitis: is it avoidable?	<i>L. Matrigiani</i>
12.15 - 12.40	Supportive periodontal therapy for the implant and periodontal patient	<i>S. Masiero</i>
12.40 - 13.05	Oral Hygienist contribution to an high quality implantology	<i>A. Di Giovanni - D. Tomassi</i>
13.05 - 13.30	Discussion	
	Lunch
